Our Colors are non-damaging and contains nurturing formulas that are gentle and restorative to hair. Our commitment is to your pet's health, happiness, and safety and as with all of our products; we use only the highest-quality dyes.

Jack & Rascal's Color Experience Requirements:

ALL PETS who have not been groomed by Jack & Rascal's in the last 3-6 months must complete 1 standard Grooming Appointment before scheduling a Color Experience. This standard Grooming Appointment doubles as an evaluation of your pet's Coat, Skin, Temperament and Grooming Etiquette. The Ideal Pet for a Color Experience is in good health, is experienced in being handled by Professional Groomers, is well-socialized, and enjoys attention.

Color Experiences are meant to be FUN and ENJOYABLE for you and your pet. Some pets may not be ideal candidates for Creative Grooming right away and require practice with standard Grooming. For this reason we cannot offer this service to:

- * Puppies or Kittens under 6 months of age
- * Aggressive pets
- * Pets who cannot (or will not) stand comfortably for extended periods of time
- * Pets with matted or tangled coats requiring close shaving or dematting
- * Pets with fleas, ticks, open wounds, sores, infections or other skin conditions
- * Pets with known SKIN SENSITIVITIES including allergic reaction to pet shampoos, dandruff (flaky skin), hair loss (bald patches), or other skin issues.

Please Initial the Following:

_____ My pet does not fall into any of the above categories and is to my knowledge HEALTHY, HAPPY, AND SOUND.

_____ I understand that Color Experience Spa Packages are performed at the Pet's Stylist's discretion and WILL BE DISCONTINUED without a refund or discount due to me if any of the above disqualifications are found to be true during the grooming or coloring process

_____ I understand that pets can be unpredictable and no guarantees can be made as to the final outcome of the chosen color or design. Additionally, this service is meant to be fun and enjoyable for you and your pet. It is not intended to have competition level results and likely will not be absolutely perfect.

_____ I understand that semi-permanent dye affects each coat type differently and may last 2-12 weeks, often longer. I have been informed that it will fade out gradually with every shampoo and cannot be instantly removed once applied. There will be no effort made to remove color by any means other than full coat removal.

_____ I understand that there is no way to predict how a pet's skin and coat will react to the coloring process. While every effort is made to ensure we use the safest products possible, there is always a chance that any pet can have a negative reaction to any product, even one that has been used before on the pet. By signing this document, I release Jack and Rascals LLC, all employees thereof, and the manufacturers of any products used from ANY and ALL liability arising from this process. Should a pet require medical care resulting from this process, I assume full responsibility for all charges incurred and agree to hold Jack and Rascal's LLC and all employees thereof at no fault.

_____ I understand that the Color Experience Spa Package is a unique procedure and will take time to complete. I also understand that it is not possible to completely accurately quote a completion time and I agree to be as patient as possible during the process.
